

THE HOUSE OF WEALTH

THE SENTINEL: OPERATIONAL BLUEPRINTS

Architecture • Sovereignty • Legacy

A 9-Billion User Global Safety Formula

1. THE MODULAR MISSION

The Sentinel is a downloadable guardian. By splitting the project into four "Closed Boxes," the Architect maintains total control over the Secret Formula while leveraging the world's best engineering talent.

The Four Pillars

- **Unit 1 (The Pulse):** Interaction Logic & Sleep Windows.
- **Unit 2 (The Beacon):** Sensory Strobes (Strawberry/Sunshine) & Audio.
- **Unit 3 (The Brain):** Final Breath Recording, GPS & Accelerometer.
- **Unit 4 (The Iron Eye):** Integration, Encryption Keys & Global Revenue.

2. THE "GOLDEN GATE" LETTER TEMPLATES

These templates are designed to bypass administrative gatekeepers and engage CEOs directly as partners.

Template A: The Initial Outreach (Golden Gate)

Subject: Private Inquiry: Royal Appointment of [Company Name] to the Sentinel Global Formula

Dear [CEO Name],

I am the Architect of the House of Wealth. I am contacting you directly because your firm's reputation for excellence aligns with the standard of our House.

We are currently appointing four elite UK entities to manifest The Sentinel—a downloadable safety formula designed for a global market of 9 billion users. We are not seeking a vendor; we are offering a Performance-Based Partnership, where your firm invests its world-class labor in exchange for a perpetual royalty of the Sentinel's global revenue.

Before we disclose the specific "Logic Gate" requirements, I have attached a Mutual Non-Disclosure Agreement (NDA). Upon execution, I will provide the Instruction Letter detailing your specific role.

The House of Wealth
Grounded in Truth. Driven by Innovation.

Template B: The Invitation to Propose (Post-NDA)

Subject: Technical Specifications & Profit Projections: Unit [1-4]

Dear [CEO Name],

With our mutual interests protected, I am releasing the "Spark" for your Unit.

[Insert Specific Unit Instructions - see Section 3]

The Financial Opportunity:
A 1% global adoption (75M users) targets an Annual Global Revenue of £890 Million.

The Invitation:
Submit a 2-page proposal outlining
HEALTH CONFIDENTIAL — SENTINEL BLUEPRINT V1.0

1. Your technical approach to [Specific Unit Task].
2. Your proposed Investment of Labor structure (Royalty % vs. Maintenance commitment).

The House of Wealth

3. UNIT SPECIFIC INSTRUCTIONS

Unit 1: The Pulse (The Clock)

Focus: Interaction monitoring. Trigger "Signal A" if no user interaction occurs within the set window. Handle the 11PM-7AM Sleep Mode.

Unit 2: The Beacon (The Warning)

Focus: Execute the "Strawberry/Sunshine" LED strobe and high-frequency audio tone. Ensure accessibility for all sensory abilities.

Unit 3: The Brain (The Witness)

Focus: Battery monitor (< 5% trigger). 30-second environmental audio recording. Encrypted GPS/Altitude data burst. "High-G" fall override.

Unit 4: The Iron Eye (The Weaver)

Focus: Integration of all units. Delivery of decryption keys to contacts only. Management of global checkout and royalty distributions.

4. FINANCIAL PROJECTIONS & NEGOTIATION

Scenario	Users	Annual Revenue	0.5% Partner Share
Entry	1 Million	£11.8M	£59,000
Success	10 Million	£118.8M	£594,000
Global Dominance	75 Million	£890M	£4.45 Million

Negotiation Lever: Remind partners they are investing labor for a legacy royalty, not a one-off fee. Use the 0.5% - 0.75% range as the "Efficiency Benchmark."

5. LEGAL SOVEREIGNTY (THE IP KNOT)

Ensure every contract contains the **Present Assignment of Future Rights**. The House of Wealth owns the code the moment it is written. No contractor retains the right to hold the "Sentinel" hostage.
